

TOWN OF GRAND LAKE

Ballot

Birch Point Community Treatment System Proposal

The Town of Grand Lake has received a Community Assessment Report (CAR) and amendment from MSA Professional Services for the construction and operation of a Community Treatment System. A copy of both the full CAR and the amendment is available on-line at www.grandlaketownship.org.

The estimated annual assessment for the 34 property owners is \$900 per year for a period of 30 years. In addition, there will be a monthly operating, administration and contingency charge of approximately \$65.

Based on this estimate, the Town of Grand Lake is requesting a vote by the property owners on whether to proceed with this project. A plus two majority will be deemed as the will of the community. **Note: All owners of a property must sign the ballot; one vote per ballot (regardless of the number of signatures). A failure to respond means the ballot will not be counted.**

The question posed to you is:

Are you in favor of proceeding with the Community Sewage Treatment System Project with an estimated annual assessment of \$900 and an estimated monthly operating, administration and contingency charge of \$65 per month?

Please Vote for ONE:

Yes, I am / We are IN favor of proceeding with the project.

No, I am / We are NOT in favor of proceeding with the project.

Property Address: # _____ Birch Point Road

Property Owner #1 _____
(signature)
